Makes 5 servings

Pumpkin Pie Ice Cream made with butternut squash!

Ingredients

1 1/3 cup butternut squash

1/2 cup honey

1 t. pumpkin pie spice

1/2 cup cream

1/2 cup whole milk

Directions

1. Cube and steam butternut squash until easily pierced with a fork.
2. Allow squash to cool, then blend until smooth. Add remaining ingredients, blend until mixed thoroughly.
3. Chill until very cold. Pour into ice cream maker and stir until thick. I use the Donvier ice cream maker and this was nice and thick within ten minutes. Delicious!
